### Optional Covers

### Key Exclusions & Limitations

- Limits of Liability or Sum Insured apply throughout the Product.
- There are important conditions which oblige the policyholder to act in a certain way or stipulate a contingency upon which the validity of the Policy or a claim depends.

### Product Literature

The Policy Wording and an IPID are issued with each new and renewal quotation; and samples available upon request to [product.governance@camberford.com](mailto:product.governance@camberford.com).

### DISTRIBUTION STRATEGY

This product is intended for distribution via FCA authorised brokers only. Brokers must be approved by us and enter into our standard format TOBA. Our preferred method of agreeing TOBAs is via REG. Brokers may access this product via our website enquiry forms or by submitting information by email to our relevant team.

Sub-broking is not permitted.

### COMMISSION

We will agree a commission rate with each distributor. All distributors should be able to demonstrate that commission received bears a reasonable relationship to the actual costs of their contribution/level of involvement or benefit added by them to the distribution arrangement. We may ask you to justify your commission rate and if we are not satisfied that it is appropriate we may seek to amend it.

### OTHER REMUNERATION

We will charge an Underwriting Fee on any new business or renewal policy taken up. Full details regarding our fees are detailed within quotation and schedule documents. We review our fees annually to ensure that they remain appropriate.

We may ask you provide details of remuneration you earn in connection with the sale of our policy. This includes any fees, premium finance earnings, earning from non-insurance products or add-ons sold alongside our policy.

You must ensure that your arrangements are consistent with FCA rules on conflicts and incentives. You should review all remuneration arrangements at least annually and share the outcome of that review with us on request.

### FAIR VALUE REVIEW

Our product governance process requires a full review of all products at least annually to determine if the product offers fair value to the end customer. These reviews consider the target market, distribution strategy, remuneration, marketing, product information, product performance, product design and feedback from distributors and customers.

We also monitor conversion rates, renewal retention, cancellations, loss ratios, claims and complaints as part of this review process.

We are satisfied that the product offers fair value to its intended Target Market, subject to distributors:

**CUSTOMERS FOR WHOM THE PRODUCT IS NOT EXPECTED TO PROVIDE FAIR VALUE**

- not charging customers additional amounts over and above the gross premium plus underwriting fees quoted by us without first determining that they do not have a detrimental effect on the value of the product.
- ensuring that no duplicate cover exists or is caused by an add-on where that cover is already provided by the policy.

This product would not be expected to provide fair value to policyholders / risks that fall outside the Target Market.

**RELEVANT DOCUMENTS AVAILABLE**
